

Promote your FSC products in the Spanish Market

FSC Spain and the WWF Iberian Forest & Trade Network would like to invite you to promote your FSC products in the Spanish market through the first edition of the Wood, Paper and Cork FSC Products Catalogue for the Spanish Market.

The **FSC Products Catalogue** will be developed in both printed and digital version. Printed copies will be distributed to retailers, real state agents, construction companies, Public Administration offices, manufacturers and designers for free, and digital version will be available to whoever interested in FSC forest products.

To list your products in the catalogue, please fill in the attached form and return it back by **15 of June**.
